Dear Sir:

In answer to your letter of November 24, 1934,
addressed to the Directeur du College of Agriculture and Agri-
cultural Experiment Station, we should be very pleased to
place you on the exchange mailing list for our Publications
in Agricultural Sciences.

For your information, we are now forwarding our
Publications in Botany to the following address:

Sociedade Broteriana,
c/o Instituto Botanico,
Coimbra, Portugal.

We trust that these are reaching you safely.

We now have a proposal to make. The University of
California at Los Angeles is a comparatively young institution
which is making a determined effort to build up its library.
In order to render a measure of assistance, the Library of the
University of California in Berkeley has undertaken to open
negotiations for certain exchanges on behalf of the Los Angeles
institution. Inevitably, the process involves application for
duplicate files of many series now received on exchange account
by the Berkeley library. This statement is intended to provide
the necessary background for the request which follows.

Will you send on exchange account to

The Library,
University of California at Los Angeles,
Los Angeles, California, U. S. A.,

second copies of current and future issues of your BOLETIM and
MEMORIAS, together with back files so far as possible?

We trust that you will find it possible to comply with
our suggestion. Will you please communicate with the University
Library in Berkeley when a decision has been reached?
